

# ELECTRONIC POSTING UPDATE

INTERIM LEGISLATIVE NATURAL RESOURCE COMMITTEE

---

- Availability
- NDGF Online Licensing System
- Participation
- More information
- Proof of concept of using an electronic posting system

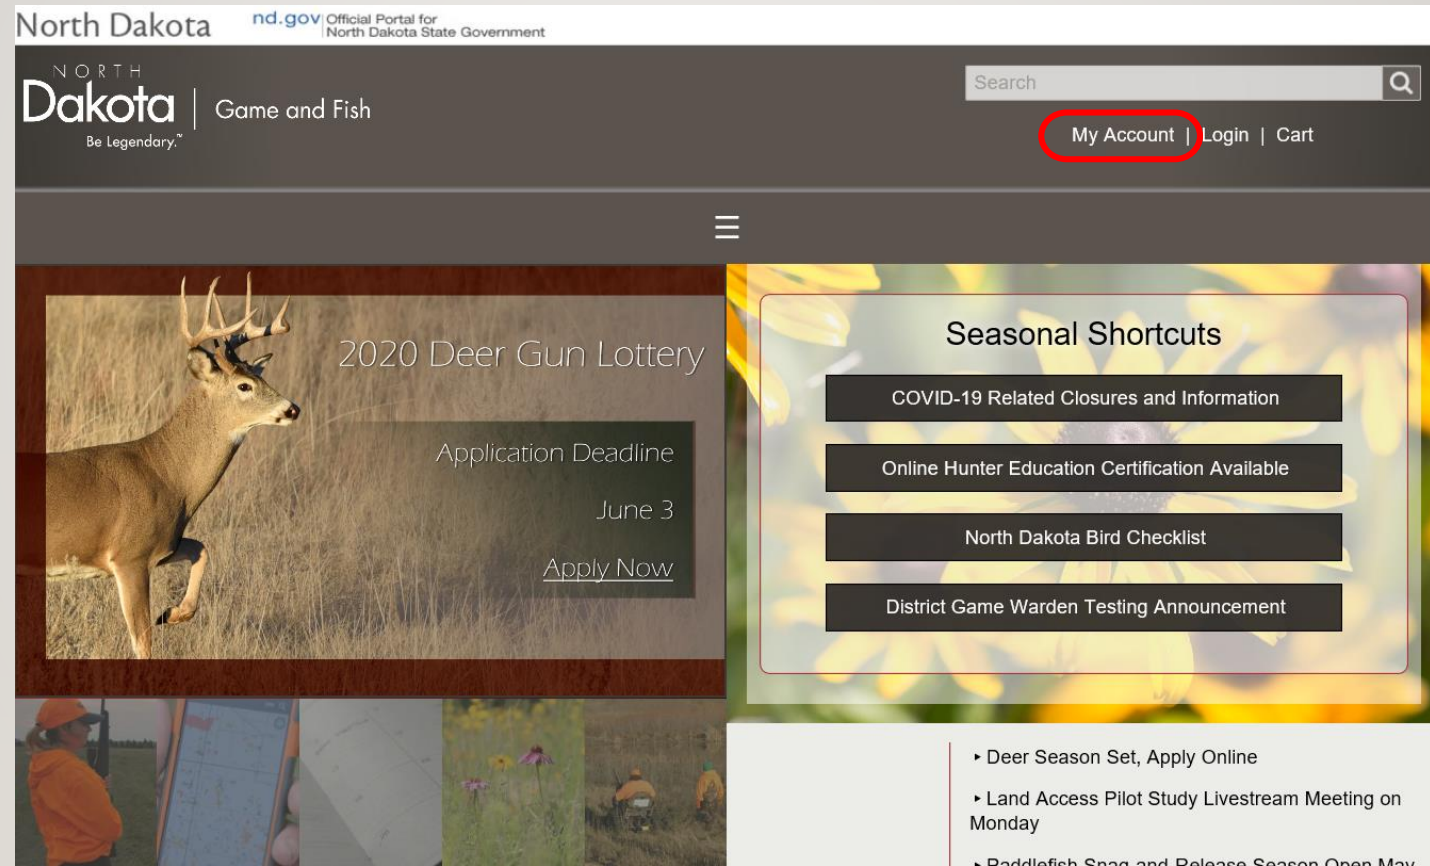

# HOW WILL THIS WORK FOR LANDOWNERS?

---

- The electronic posting system will be available for resident landowners, tenants or authorized individuals
- This can be accessed from the Game and Fish Departments online licensing system
- Those new to the online licensing system will create a new profile
- Search county tax parcels and associate the selection your profile
- Make any “posting” designations and specify any contact or alternate contact information

# HOW WILL THIS WORK FOR THOSE SEEKING ACCESS?

- Available on the Game and Fish Department website:
  - 1) printable maps similar to the annual PLOTS Guide
  - 2) online map applications to display lands posted “no hunting”
- The Game and Fish Department is working with other commonly used map vendors to share pilot information data.

ESRI ArcGIS Explorer App

# ELECTRONIC POSTING Q & A

---

- Will the application have the ability to change posting by date, season, critter, etc.?
- If I use the electronic posting option will I need to physically post my lands during the study?
  - Current state law provides that private land is open to hunting unless the landowner, tenant or authorized individual “posts” it with signs notifying hunters that the land is closed to access unless permission is obtained.
  - Currently there are no laws or penalties to address the electronic posting option. Participation will help determine the usability of the application and provide direction for changes required to existing law.
